

SPANISH 4 AP, HOFFMAN
SUMMER ASSIGNMENTS 2017

The summer assignments for Spanish 4 AP are designed to introduce you to new vocabulary, practice reading and writing in Spanish, review grammar, and introduce cultural/historical knowledge. By completing these assignments, you will keep your Spanish skills fresh over the summer. I also recommend watching television programs and movies in Spanish and/or listening to music in Spanish. This will help your listening abilities, build your vocabulary, and is lots of fun! Spanish 4 AP is designed to be presented 90% of the time in the Spanish language—so get as much exposure to the language as you can during the summer months.

The summer assignments cover the material in the Buen Viaje 3 textbook for Chapter Four. During the first few weeks of class, we will do additional assignments to review and assess your knowledge of this material. You will complete a writing assignment with emails, to help establish a baseline for your writing at the beginning of the school year (due the first day of class). You will also complete a listening / oral presentation assignment that is designed to have you practice both listening and speaking skills in Spanish (due the first day of class). We will be using Buen Viaje 3, Temas, and the AP Spanish Workbook, as well as other materials during the school year.

You will want to invest in a Spanish/English dictionary to help with these assignments. An online resource that I also recommend is www.wordreference.com. If you do not have grammar notes from previous courses, you may want to visit a website such as www.senorjordan.com to review these concepts. There is a Vocabulary List on p. 210 for this chapter. There are also Verb Charts in the back of the book (Handbook Section).

Each of the following textbook assignments should be done on a separate page (or pages). Make sure to write complete sentences in Spanish for all indicated activities. You will also need to take notes on the important material in each section for your own use. These assignments will be collected during the first few weeks of school. Be sure that you complete them during the summer, as additional work will be assigned during these weeks of school.

Buena suerte,

Señora Hoffman
