The District shall require students in kindergarten through grade 5 to participate in moderate or vigorous daily physical activity for at least 30 minutes throughout the school year, as part of the District's physical education program or through structured activity during a campus's daily recess.

If the District determines, for any particular grade level, that requiring moderate or vigorous daily physical activity is impractical due to scheduling concerns or other factors, the District may as an alternative require a student in that grade level to participate in moderate or vigorous physical activity for at least 135 minutes during each school week.

The District must provide an exemption for a student who is unable to participate in the required physical activity because of illness or disability.

Education Code 28.002(l)

Courses in the foundation and enrichment curriculum in grades 6–12 must be provided in a manner that allows all grade promotion and high school graduation requirements to be met in a timely manner. The District is not required to offer a specific course in the foundation and enrichment curriculum except as specified in 19 Administrative Code 74.3. *19 TAC 74.3(c)*

The District must ensure that sufficient time is provided for teachers to teach and for students to learn English language arts, mathematics, science, social studies, fine arts, health, physical education, technology applications, and to the extent possible, languages other than English. The District may provide instruction in a variety of arrangements and settings, including mixed-age programs designed to permit flexible learning arrangements for developmentally appropriate instruction for all student populations to support student attainment of course and grade level standards. *19 TAC 74.3(a)(1)*

PHYSICAL ACTIVITY
REQUIREMENTS

The District shall require students in grades 6–8 to participate in moderate or vigorous daily physical activity for at least 30 minutes for at least four semesters during those grade levels as part of the District's physical education curriculum.

The District may as an alternative require a student enrolled in a grade level for which the District uses block scheduling to participate in moderate or vigorous physical activity for at least 225 minutes during each period of two school weeks.

EXEMPTIONS

The District must provide an exemption for:

1. A student who is unable to participate in the required physical activity because of illness or disability; and
2. A student who participates in an extracurricular activity with a moderate or vigorous physical activity component that is considered a structured activity and meets the requirements for extracurricular activity as defined at 19 Administrative Code 76.1001.

The District may allow an exemption for a student on a middle or junior high school campus participating in a school-related activity or an activity sponsored by a private league or club only if that activity meets each of the following requirements:

1. The activity must be structured;
2. The Board must certify the activity; and

3. The student must provide proof of participation in the activity.

A "structured activity" is an activity that meets, at a minimum, each of the following requirements:

1. The activity is based on the grade appropriate movement, physical activity and health, and social development strands of the essential knowledge and skills for physical education specified in 19 Administrative Code Chapter 116; and
2. The activity is organized and monitored by school personnel or by appropriately trained instructors who are part of a program that has been certified by the Board.
