Principal's Message

We welcome you to Alice M. Birney Elementary School. Our school is located in Pico Rivera, a small community where many teachers and classified staff grew up and/or currently reside. We are committed to high academic standards. Our supportive learning environment allows every student to develop a positive self-concept and passion for lifelong learning. Every member of our learning community contributes to the development of each student. Our goal is to prepare students to succeed in a complex, global society by focusing on communication, technology, cultural diversity, and critical thinking skills.

In 1999, our API grew a total of 174 points, which qualified us to apply and be awarded a California Distinguished School Award. In 2007, Birney Elementary was the recipient of the EETT6 grant that focused on fourth and fifth grade students to increase technology literacy and use technology as a tool to improve academic achievement.

We have approximately 494 students this year, 21 teachers, support staff and parent volunteers that help students achieve academically and socially.

Family partnerships are highly valued. Parents are encouraged to participate in their child's education in a variety of ways. Besides supporting learning at home, parents participate at school as volunteers, decision-makers, and leaders. Our uncompromising vision affirms that in working together, all students at Birney will achieve their highest potential.

Parental Involvement

The following organizations are some of the opportunities for parents to become involved:

- Parent Teacher Organization (PTO)
- Dads Club
- School Site Council (SSC)
- English Learners Advisory Council (ELAC)
- Student of the Month & Reading Incentive Awards Program
- Parent Volunteer Program

For more information on how to become involved at the school, please contact Kendall Goyenaga, Principal, at (562) 801-5153.

School Safety

Our School Safety Plan is reviewed and updated each year. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in October 2012. The Plan is located in the principal's office. The Plan includes procedures for disaster drills, crime reporting, medication administration, child abuse reporting, schoolwide dress codes, and rules and procedures for school discipline. To ensure safety, our campus is closed. All gates surrounding our campus are closed between the hours of 8:15 A.M. to 2:30 P.M. Visitors are required to sign in at the office, and to wear a visitors' badge if they have school business. Before school begins, there are teachers on duty and a breakfast supervisor in the cafeteria. During recess, there are also two teachers on yard duty per playground. At lunch and lunch recess, three noon aides supervise the cafeteria and playground.

School Mission Statement

The mission of Birney Elementary is to create a challenging learning environment that promotes excellence, encourages high expectations for success through rigorous curriculum and promote a safe, caring and supportive school environment that will prepare students to become life-long learners to succeed academically, intellectually, socially, emotionally and culturally through the support of our parents, teacher and community members.

School Accountability Report Card

In accordance with State and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

The mission of the El Rancho Unified School District, in partnership with the community, is to provide an innovative and challenging learning environment that promotes excellence. We will prepare students as life-long learners to succeed academically, intellectually, socially, emotionally and culturally.

The bar graph displays the three-year data for average class size and the table displays the three-year data for the number of classrooms by size.

California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf/.

School Facility Items Inspected

The tables show the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Sewer, Mechanical Systems (heating, ventilation, and air conditioning)
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition.

School Facility Good Repair Status		2012-13 School Year	
Items Inspected	Repair Status	Items Inspected	Repair Status
Systems	Good	Restrooms/Fountains	Poor
Interior	Fair	Safety	Fair

Date of the Most Recent Completion of the Inspection Form			10/22/2012

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the school site inspection. Regardless of each item's repair status, all deficiencies are listed.

Deficiencies and Repairs		2012-13 School Year
Items Inspected	Deficiencies, Action Taken or Planned, and Date of Action	
Interior	Replace stained or missing ceiling tiles. (Completed in 11/12)	
Electrical	Replace or repair lights in classrooms. (Completed in 11/12)	
Restrooms/Fountains	Clear out storage under sink cabinet. (Completed in 11/12)	
Safety	Remove extension cords/above cab. Storage. (Completed in 11/12)	

School Facilities

Our campus was constructed in 1951. It is an attractive site that meets the needs of students and staff. We have a multi-purpose room that serves as the cafeteria and auditorium. We have three playground yards: preschool/kindergarten, primary, and upper grades. We also have a very large field area that includes two baseball diamonds and a soccer field. Our library houses more than 4,500 books.

School Facilities

Continued from left

There are computers in classrooms, and all classes have Internet access. We also have two iPad carts available for student use. All facilities have handicapped access, including the stage in our multi-purpose room. In 2003, the community passed a bond measure to provide additional funds for modernization. All classrooms have been upgraded and are air-conditioned. All bathrooms, including staff, are upgraded and meet Americans with Disabilities Act (ADA) code. Our stage had new curtains installed in February of 2008. We have two full-time custodians and a grounds man that attends our school three days a week. Custodial hours are from 7:00 A.M. to 3:30 P.M. and 2:30 P.M. to 10:30 P.M.

Birney PTO purchased and installed a new playground apparatus for the 2010-11 school year which students have enjoyed playing on during their recesses.

Student safety is one of our top priorities. We have a closed campus policy and all guests/visitors are required to sign in and wear a visitor's badge while on campus. All teachers, staff and personnel have also been trained regarding our school safety plan SOP that, in case of an emergency, it can be implemented properly.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2012-13 school year, the District budgeted \$430,800 for the Deferred Maintenance Program. This represents .0106% of the District's general fund budget.

Textbooks and Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Vision Statement

Birney Elementary will serve as the foundation for the academic future of our students where we will use our resources, including innovations in technology, to provide the fundamentals of education for a diverse population. We will maintain a safe and disciplined environment for all students so that all students can achieve to their abilities.

STAR Results for All Students

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, and science.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of several key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group's performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API begins the reporting cycle and the results are released approximately a year after testing occurs (e.g. The 2011 Base API is calculated from results of statewide testing in spring 2011, but the results are not released until May 2012). Growth API, calculates test results in the same fashion and with the same indicators as the Base API but from test results of the following year (e.g. The 2012 Growth API is calculated from results of statewide testing in spring 2012 and released in September 2012). The year of the API corresponds to the year of testing. Therefore, for the 2011-12 API reporting cycle, the 2011 Base indicator and 2012 Growth indicator are used. To represent how much a school's API changed from 2011-12 (known as the 2011-12 API Growth), the 2011 Base API is subtracted from the 2012 Growth API. The Base API Report includes the Base API, targets, and ranks. The Growth API Report includes Growth API, growth achieved, and whether or not targets were met.

To learn more about API, visit the API information guide at www.cde.ca.gov/ta/ac/ap/documents/info-guide12.pdf and the API overview guide at www.cde.ca.gov/ta/ac/ay/documents/overview12.pdf.

API Ranks

API Ranks	Three-Year Data Comparison		
	2009	2010	2011
Statewide API Rank	5	5	4
Similar Schools API Rank	3	5	2

API Testing

Assessment data is reported only for numerically significant groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

API Growth by Student Group

This table displays, by student group, first, the 2012 Growth API at the school, district, and state level followed by the actual API change in points added or lost for the past three years at the school.

Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2011-12. For more information, visit www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Criteria		2011-12 School Year

Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2012-13 Program Improvement status for the school and district. For more information, please visit www.cde.ca.gov/ta/ac/ay/.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

✘ Not applicable. The graduation rate for AYP criteria applies to high schools.

Professional Development

The El Rancho Unified School District provides professional development programs that provide a wide range of professional growth and support opportunities to serve the needs of teachers/staff at all learning stages. These programs include:

- Beginning Teachers Support and Assessment (B TSA) program as approved by the State of California which provides experienced mentor support for all new teachers earning their California Clear Credential.
- Peer Assistance Review (PAR) program for veteran teachers which provides seminars and individual coaching for teachers refreshing their skills and learning new strategies.
- Certificated and Staff Training.
- Site Administrator Training.

We dedicate three full days and approximately 18 half days towards professional development at our school sites per year. The topics addressed at our trainings are based on teachers' need assessment surveys, student assessment data analysis, district and schoolwide action plans. Our intern teachers are supported by University Supervisors. Professional development at individual school sites are determined by the instructional focus. English Learner and Special Population trainings are offered on site as needed. In addition, teachers also attend off-site workshops or conferences.

No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2011-12 school year. For more information on teacher qualifications related to NCLB, visit www.cde.ca.gov/nclb/sr/tg.

Data for this year's SARC was provided by the California Department of Education (CDE), school and district offices. For additional information on California schools and districts, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English Learners. Additionally, Ed-Data in partnership with the CDE, provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools. More information can be found at www.ed-data.k12.ca.us/Pages/Home.aspx. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1 of each year.
