

Missionary Mass Intentions

Catholic missions through the world are supported by donations from many sources. We hear about some missions from representatives who come to our parish to request financial and prayer support. However, many missions do not send speakers but rely solely on the small income they receive from Mass intentions.

Requesting a missionary Mass intention is easy.

- Print or type your intention on this form. Please keep in mind that intentions need to be read by missionaries for who English is a second language. If you would to be notified of when and where the intention will be said, please include your contact information and the Archdiocese will contact when the intention has been completed.
- Either return your request and donation (typically \$7) in an envelope labeled "Mission Masses", with a check made payable to "Church of St. Michael" or complete this form online and go to our online giving page and mark your one-time gift as "Mission Masses". Each month, St. Michael sends one check with all the requests to the Propagation of the Faith Office.

The Propagation of the Faith Office will forward your request and donation to those missions in need of funds. A Mass will be said for your intention in two to 12 months of your request. Because many missions are in remote locations, you will not be notified of the location or date of the Mass said for your intention, unless you have requested a notification.
