School Description

Learning Post High School is a fully accredited independent study high school in the William S. Hart Union High School District. This alternative educational program meets all State and District requirements for graduation. A-G approved, Advanced Placement, and College Preparatory courses are offered.

Learning Post High School is the Hart District's independent study school. It was opened in 1980 – 35 years ago. It is WASC accredited & NCAA approved just like other high schools in the Hart District. Dr. Pete Getz is the Principal of Learning Post High School and Academy of the Canyons.

Learning Post High School offers two independent study options. The first being The Post, and it is located on the COC-Valencia campus in the University Center. The second option is Hart@Home, and it is located on Centre Pointe Pkwy near the district office.

The two options, The Post & Hart@Home, have their unique features between them which are described below.

The Post is the original independent study format for our district. It offers enrollment for grades 9 – 12, and it uses district textbooks as the source for its curriculum. At The Post, students meet with their supervising teacher once a week. This a standing one hour appointment each week with their supervising teacher – ex: Tuesdays at 10:00am. At that appointment, the student will turn in all completed assignments given to them from the prior week's meeting, discuss any curriculum questions they may have, take any chapter tests – if applicable that week, and go over their new week's assignments for their courses. Their weekly appointment is generally an hour long but can be longer depending on how many chapter tests might be needed. The Post facility has available to the students work/study stations, student computers, student printer, & classroom set of textbooks. Therefore, students are welcome and encouraged to use The Post facility as a place to come and study – to get away from the distractions of life & focus on their course work. Many students do take advantage of this by coming to The Post three or four days a week for several hours each day – to study & complete assignments; however, this certainly isn't a requirement, and there are also many students who show up only once a week for their regular weekly appointment. Due to the nature of independent study The Post, students are free to come & go from the school site as they choose – it is an open campus.

The Post uses a variable credit system which means students are earning their credits at their own variable rate. When a student completes a course, the credits are posted to the transcript, and the student can immediately move on to the next course of study. For example, if a student finishes English 10A in early November, the credits are posted and the student can immediately begin English 10B course work. The variable credit system is ideal for students who are credit deficient and need to work at a more rigorous pace in order to catch up & stay on pace in order to graduate on time. Variable credits is also ideal for students who have a goal of graduating early and are motivated to work at a more rigorous pace in order to meet their early graduation goal.

Because of the nature of a variable credit system, The Post is generally able to enroll students at any point in the school year.

The Post does not offer foreign language, honors, or AP level course work; however, there are options available to fulfill this level of course work, if desired. Those options will be highlighted after summarizing Learning Post High School's second independent study option - Hart@Home.

In 2011, Learning Post High School opened an additional independent study option which is referred to as Hart@Home. The Hart@Home option offers enrollment for grades 7 – 12, and it uses online Apex software as the source for its curriculum. Many assignments and tests are done online, but there are some assignments which are turned in directly to the teacher and some tests which must be taken on site. The student & parent meet with their Hart@Home supervising teacher once every 20 days. This is a longer amount of time between appointments than The Post due to the nature of the student's online course work being monitored by their Hart@Home teachers. At the appointment, the student & parent will turn in a signed attendance log and discuss curriculum pacing. The Hart@Home facility has available to the students work/study stations, student computers & printers. Therefore, students are welcome and encouraged to use the Hart@Home facility as a place to come and study – to get away from the distractions of life & focus on their course work. Many students do take advantage of this by coming to Hart@Home three or four days a week for several hours each day – to study & complete assignments; however, this certainly isn't a requirement, and there are also many students who show up only once every 20 days for their regular appointment. Due to the nature of independent study, Hart@Home students are free to come & go from the school site as they choose – it is an open campus.

Hart@Home is a semester based credit system. At Hart@Home grades/credits are earned at the end of each semester. Therefore, Hart@Home is not ideally suited for credit deficient students or students with goals to graduate early.

Because of the nature of a semester based system, Hart@Home generally must close its enrollment 2-3 weeks into each semester.

Hart@Home offers foreign language, honors, and AP level course work via the online Apex curriculum.

All Learning Post High School students – The Post and Hart@Home, have the option of dual enrollment at their residence area school. Students are allowed to take one or two classes at their dual enrollment school. Class requests are arranged by the Learning Post High School academic counselor and are based on space availability. If a student is participating in a CIF level sport at their residence area school, there is a requirement of taking two classes for dual enrollment – PE/sport and one additional class. CIF participants must meet all CIF/district requirements for participation.

Students attending The Post who wish to participate in foreign language, honors, or AP level course work may do so via dual enrollment at their residence area school. Another option for this level of course work is taking classes at College of the Canyons (COC) beginning in 11th grade. All high school students are eligible to enroll in COC classes beginning in 11th grade. COC tuition is free to high school students.

Learning Post High School offers a unique and personal graduation ceremony where the supervising teachers speak briefly about each of their students. Families rave time and time again about how much they appreciated the personal, up close ceremony for their Learning Post High School graduate. If a Learning Post High School student has dual enrollment during their final semester, they have the option of requesting to participate instead in their residence area school's graduation ceremony.

The process for enrollment at Learning Post High School begins with an application. A choice of The Post or Hart@Home is selected on the application. A transcript must be included with the application unless the applicant is currently enrolled in one of the Hart District schools.

Learning Post High School offers an exciting educational alternative that provides flexible scheduling through our unique instructional environments. Students may engage in an independent study program as we develop a personalized learning plan for away-from-the-classroom learning opportunities for students in grades 7-12.

In addition to our excellent course offerings, we are pleased to offer membership in California Scholarship Federation (CSF). Students will be provided with ample opportunities for participating in community service. Students may engage in our student government program and plan events designed to bring school members and the community together.

Our Mission Statement-

Within a flexible and supportive learning environment, Learning Post High School is dedicated to helping every student reach his or her potential by fostering academic and personal growth and developing a strong foundation for a successful life beyond high school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

2016-17 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 7	6
Grade 8	11
Grade 9	25
Grade 10	23
Grade 11	45
Grade 12	46
Total Enrollment	156

2016-17 Student Enrollment by Group	
Group	Percent of Total Enrollment
Black or African American	0.6
American Indian or Alaska Native	0
Asian	3.8
Filipino	2.6
Hispanic or Latino	17.9
Native Hawaiian or Pacific Islander	0
White	67.3
Two or More Races	6.4
Socioeconomically Disadvantaged	9
English Learners	0
Students with Disabilities	7.1
Foster Youth	0

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials			
Learning Post High School	15-16	16-17	17-18
With Full Credential	3	7	7.8
Without Full Credential	0	0	0
Teaching Outside Subject Area of Competence	0	0	0
William S. Hart Union High School District			
15-16	16-17	17-18	
With Full Credential	♦	♦	972.6

Overall Rating	Exemplary	Good	Fair	Poor	
	X				

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA	85	73	67	68	48	48
Math	51	41	47	48	36	37

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	62	56	90.3	82.1
Male	29	26	89.7	88.5
Female	33	30	90.9	76.7
White	42	37	88.1	81.1

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science	88	82	75	69	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	9.1	18.2	59.1

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	80	75	93.75	73.33
Male	43	40	93.02	62.5
Female	37	35	94.59	85.71
Black or African American	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	--	--	--	--
White	58	55	94.83	78.18
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**School Year 2016-17 CAASPP Assessment Results - Mathematics
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	80	73	91.25	41.1
Male	43	39	90.7	30.77
Female	37	34	91.89	52.94
Black or African American	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	--	--	--	--
White	58	55	94.83	47.27
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--
Students with Disabilities	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Our program offers a variety of options for parental involvement. For more information, please contact, Dr. Pete M. Getz at 661-255-8338.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Learning Post High School maintains a safe, healthy, nurturing, and orderly school campus. Two campus supervisors are on staff and are responsible for students on the LPHS campus as well as on the college campus. The school safety plan is revised annually each spring and a binder containing the plan is located and easily accessible in every classroom. LPHS staff reviews the plan at the first staff meeting of the year. Emergency evacuation and safe mode drills are held once each semester. Along with protocol for evacuation and safe mode, the plan includes procedures for crisis and grief-related situations. In the event of a community emergency, LPHS works closely with COC and the Hart district office, using the state’s Standardized Emergency Management System. LPHS staff members are participants in the COC disaster recovery teams and LPHS participates in all Hart District and COC sponsored disaster drills. The COC Security Division monitors the entire LPHS campus throughout the day. LPHS students have access to all safety procedures on the college campus including student escorts to and from the parking lots for evening classes. COC health services are also available to LPHS students.

A copy of the school site safety plan is kept on file in the administrative office. Anyone interested in reviewing the safety document may do so at any time.

Suspensions and Expulsions			
School	2014-15	2015-16	2016-17
Suspensions Rate	0.0	0.0	0.4
Expulsions Rate	0.0	0.0	0.0
District	2014-15	2015-16	2016-17
Suspensions Rate	1.5	1.3	1.5
Expulsions Rate	0.1	0.0	0.0
State	2014-15	2015-16	2016-17
Suspensions Rate	3.8	3.7	3.6
Expulsions Rate	0.1	0.1	0.1

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2017-18 Federal Intervention Program		
Indicator	School	District
Program Improvement Status		
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement		
Percent of Schools Currently in Program Improvement		

Academic Counselors and Other Support Staff at this School	
Number of Full-Time Equivalent (FTE)	
Academic Counselor	1
Counselor (Social/Behavioral or Career Development)	0
Library Media Teacher (Librarian)	0
Library Media Services Staff (Paraprofessional)	0
Psychologist	1
Social Worker	0
Nurse	0
Speech/Language/Hearing Specialist	0
Resource Specialist	0
Other	0
Average Number of Students per Staff Member	
Academic Counselor	

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Average Class Size and Class Size Distribution (Secondary)

Subject	Average Class Size			Number of Classrooms*								
				1-22			23-32			33+		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17
English	6	7	6	29	26	25		1	1			
Mathematics	3	2	3	6	9	10						
Science	4	5	5	19	18	19						
Social Science	5	6	6	30	28	23		2	1			

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Professional Development for the 17-18 school year focuses on the implementation of the Common Core State Standards. To support teachers in the transition to the core, the concentration is on building foundational understanding of the standards, developing resources, and expanding collaborations between all stakeholders. ELA and math content teams are developing pacing guides and designing rigorous curricular units for the 2016-17 school year and beyond. Professional Development Coaches are engaged in a deep examination of the Common Core Anchor Standards for Literacy in preparation for supporting all teachers as they teach literacy across the curriculum. These Common Core Anchor standards delineate reading, writing, listening and speaking skills students utilize across curriculum at all grade levels. All teachers participate in site and district level professional development around these key literacy standards as well as strengthen and support core instruction of literacy practices. Teachers are also provided with the mobile technology and support they need to enhance instruction and increase the use of technology in the classroom.

FY 2015-16 Teacher and Administrative Salaries

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$47,400	\$50,221
Mid-Range Teacher Salary	\$73,675	\$83,072
Highest Teacher Salary	\$95,863	\$104,882
Average Principal Salary (ES)		
Average Principal Salary (MS)	\$129,725	\$128,094
Average Principal Salary (HS)	\$143,879	\$146,114
Superintendent Salary	\$224,700	\$226,121
Percent of District Budget		
Teacher Salaries	34%	34%
Administrative Salaries	5%	5%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at www.cde.ca.gov/ds/fd/cs/.

Two or More Races	100	91.84	90.59
Socioeconomically Disadvantaged	100	84.39	85.45
English Learners	0	54.1	55.44
Students with Disabilities	100	68.25	63.9
Foster Youth	0	64.71	68.19

Career Technical Education Programs

The students at Learning Post High School have the opportunity, through our Dual Enrollment program, to enroll in CTE related courses at the comprehensive schools in the district. Additionally, our students may participate in Regional Occupation Program as well.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
