I. OPEN SESSION-6:00 PM

II. PUBLIC COMMENT

Minutes:

The following person spoke to the Board:

Monique Gibbons

The following letter was not read but is being entered into the record:

Good evening,

I am unable to be at the meeting this evening, as I am at my son's baseball game. However I did want to weigh in on the issues facing our children as the last few weeks of their school year approach, with no auditoriums in which to celebrate their achievements over the past nine months.

How is it possible that nothing has happened in the past week, despite the fact that our staff has been given direction to quickly bring experts into the auditorium's in order to determine whether they are truly dangerous environments?

Is it possible that Mr. Buresh is stalling, fueled by some political motives? Direction was given, and experts should have been on site last Wednesday, a week ago tomorrow.

The safety of the sites could be determined by state licensed experts within a few days, and if safe to inhabit, events could go on as planned.

We have the right as parents and community members to have information disseminated quickly and transparently.

We ask that the Board give direction, once again, that seismic experts quickly inspect the auditoriums in question and determine their safety.

What possibly could stand in the way from such actions?

Respectfully,
Jonathan Prince
