*Questions about Remind? Call (865) 458-5411 ext. 1014

Does your student ride the bus?

Check out remind!

Designed to keep you informed on important bus information/updates you need to know.

Updates to Include:

Route changes, change in arrival times, inclement weather/snow routes

What is Remind 101?

Remind 101 is a website that provides a safe way for us to text message or email students and parents. With Remind 101, all personal information remains completely confidential.

How does Remind 101 work?

First, an administrator adds his/her bus, which generates a unique code. The administrator then shares that code with students or parents. At that point, any student or parent who sends a text message with the code will be "subscribed". Any time admin sends a message from Remind 101, all the students or parents subscribed will receive it. Using this method, no one knows each other's cell phone number; the administrator only sees a name in his/her sign-up list online, not phone numbers.

Is Remind 101 Free?

The service is free, but standard messaging rates apply. So, if you do not have unlimited texting on your cell phone's data plan, you might be charged for each text message.

How does a student or parent sign up for transportation messages?

To sign up for messages, see the list of Remind 101 transportation codes and phone numbers provided on our district website at www.loudoncounty.org. Click on the district tab, choose support services, then Transportation from the blue box on the right. Once in Transportation, you will see Remind listed in the blue box. Click on the box and chose your child's bus #. Then follow the directions. You will have the option to receive messages via text, email or both.

Do I need a SmartPhone for Remind 101?

No, any phone that receives text messages will work with Remind 101. There is also a Remind101 app that is free.

Where can we find more information about Remind 101?

You can go to www.remind101.com for more information about the service!
