TOUR OF POTENTIAL SCHOOL SITES

The Board met at the Rutherford County Board of Education Central Office at 8:30 a.m., December 10, 2016 and promptly departed in a van for viewing of property in the I-840 and Almadale Road Corridor shown on the approved five-year Building Plan. Property on both the South and North side of I-840 was inspected. There was a total of five parcels viewed.

Through consensus the Board agreed that 115 acres to the North of I-840 on Ocala was suitable for a three-school site. The topography of the site appeared to require a minimum of grading with two egress areas, electricity, water and natural gas in the vicinity.

The Board agreed to bring a motion to the first meeting of 2017 making the purchase contingent upon geotechnical, environmental, and wastewater soils testing.

The group arrived back at the Central Office at approximately 10:30 a.m. and was adjourned.
