To parents and guardians,

At Kemp ISD, we use G Suite for Education, and we are seeking to inform you of the way we provide and manage a G Suite for Education account for your child. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Kemp ISD, students use their G Suite accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

The notice below provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the G Suite for Education account?

Please read it carefully, let us know of any questions, and then **only sign if you do not give consent** for Kemp ISD to maintain a G Suite for Education account for your child. If you sign below then we will delete the G Suite for Education account for your child. Students who cannot use Google services may need to use other software to complete assignments or collaborate with peers. Also, because students access the Chromebooks through their G Suite for Education accounts, other applications such as IStation and Edgenuity could be affected.

I **do not** give permission for Kemp ISD to maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.

Thank you,

Kemp ISD Administration
