

POINTS OF PRIDE

Early Childhood Center

- We offer free preschool to those who qualify which includes a family-style meal.
- Creative Curriculum is used to develop play-based learning.
- Focus is on math, literacy, and social/emotional skills to prepare children for the rigors of kindergarten.

Crothers Elementary

- The addition of PlayWorks is a huge point of pride for us as well as the addition of our school counselor.
- Our theme of leadership called “Lead from Where You Stand” is a positive force that drives all initiatives along with Conscious Discipline.
- Monthly Panda Pals meetings teach leadership skills and promote relationship building between mixed ages of students.

Peck Elementary

- We now have two teams of students that participate in the VEX Robotics Club (through Nissan). Students are creating robots that will compete in statewide competitions throughout the year.
- Peck has moved out of Focus School status.
- Peck has opened the doors to its first parent and community resource center, providing training and parent workshops.
- Parent participation at conferences is at 98.5%.
- We held the first of our monthly **Leader in Me** all-school assemblies/celebrations in which we highlight and celebrate the Leaders of the Month.
- Communication at Peck has improved. We are now using Remind 101 and robocalls more effective and efficiently than ever.
- Overall, parent participation is at an all-time high with over 250 parents coming out to our Leader in Me parent expo/open house.
- The PTC fundraising and parent participation has increased significantly.

Roose Elementary

- We have initiated the PlayWorks program.
- We are implementing a school-wide "school family" concept.
- We have a Developmental Kindergarten and CLIMb program.
- We earned Emerald status as a Green school (the only school in Center Line).

Roose, continued

- We have an active student council and participate in multiple charities.
- The Girls on the Run program is starting in March (the only school in Warren).
- Two students won GOLD 2015 Olympiad (for essay and poster), and we submitted a student for the oratory contest for the MLK event.
- One teacher was selected to work on a state wide Social Studies Assessment.
- We have continued implementation of balanced literacy with Writer's Workshop, and one of our teachers is a regional presenter.
- We have increased mental health support (more social skills groups and other proactive interventions).
- We have added six outstanding new staff members.
- We have instituted a RAISE Board where we honor growth in our students.
- We had our 1st annual math challenge.
- We created a partnership with the NHS students who attend Roose once a week for Homework Help and developed a K-5 Mentorship program - Rocketeers - where we study life skills.
- We held a new student orientation program (led by 5th graders).
- We have a Lego Robotics Team that competed.
- We have improved math pre- and post-test data.

Wolfe Middle School

- We offer STEM courses such as Robotics, and our art courses incorporate principles of engineering design.
- All of our teachers are trained in Project Based Learning.
- All sixth graders attend a three-day outdoor education and teambuilding program at Camp Copneconic.
- Eight graders, beginning in the 2016-17 academic year, will have the opportunity to attend Washington D.C. for three days.

Center Line High School

- Our ACT scores have improved in every content area for second straight year.
- College Readiness has improved for second straight year.
- Suspensions have decreased for second year in a row.
- We have implemented Project Based Learning as a SIP strategy.
- This fall JROTC led our 2nd Annual Veterans Day Ceremony; JROTC students also led a blood drive and mentored Cub Scouts.
- This fall CLHS Fire Fighting students inspected fire detectors in over 500 local homes, and installed 40 new smoke detectors and 41 new batteries.
- This fall Community Service students volunteered at Baldwin Center in Pontiac, led a coat drive, "adopted" local families in need, and wrote and sent cards to U.S. troops stationed overseas.
- This fall three CLHS students applied for and were awarded the Center Line VFW Voice of Democracy audio-essay scholarships.
- This fall we implemented a 9th grade Advanced Placement U.S. History course for the first time.
- This fall the CLHS Band earned a Division 1 MSBOA rating.
- This fall the Abrams Foundation agreed to continue financing our Robotics Team.
