

APT to Succeed Overview

- May 2 and May 3, 2012 - 8:00am – 12:00pm
- Purpose: Students “showcase” their portfolio contents to members of the Troy Chamber of Commerce through a 15-20 minute interview
- 6th, 7th and 8th grade teachers lead students in creating their organized portfolio
- Language Arts teachers have students create a resume and update as needed
- Students write “Thank You” notes to the interviewers following the interviews
- Select 8th graders to present to 6th and 7th graders
- Even though students are not required to keep a portfolio through their high school years, updating their current portfolios, or starting one of their own in high school could be highly recommended by their middle school portfolio leader and their teachers
