Parent Workshop

"Bullying/Peer Pressure"

Including: How to teach your child refusal skills due to peer pressure

Guest Speaker: Kathy Bentley

Bullying affects all youth, including those who are bullied, those who bully others, and those who see bullying going on. Similarly, peer pressure is a lifelong issue that can affect everyone. Some children give in to peer pressure because they want to be liked, to fit in, or because they worry that other kids might make fun of them. Those children that do not give in to peer pressure may be targets for bullies. This workshop will define what bullying is and discuss ways you can help your child to develop strategies to handle bullies and not give in to peer pressure.
