RE: Water Notification

This letter is a follow-up to the letter that was sent on May 5 regarding the lead sample in Room 102. Corrective measures were taken. We retested and are now within the parameters of lead levels needed by the DEP.

Please note that we are going to replace any other fixtures similar in nature in order to prevent any future problems. The Punxsutawney Area School District will continue our monthly testing schedule.

Our students' well-being is of the utmost importance to all of us at PASD. If you have any questions, please contact Dr. Thomas Lesniewski @ 938-5151 x 5001, Dr. Shari Weber @ 938-5119 or the Supervisor of Maintenance, Mr. Carmen Gett @ 938-5151 x 6750.
