

Old Mill Elementary School Safe Walking Plan

130 E. Brigham Road
Stansbury Park, UT – 84074

Student Routing Plans to and from School:

Parents please walk with your students to establish your route to and from school. Students attending Old Mill Elementary are encouraged to only walk along established routes to and from school. Students should use sidewalks whenever possible and cross only at intersections and in crosswalks. If students walk to school along a street without a sidewalk, students should walk on the right hand side of the road. Students should under no conditions play on or near streets. In general, we would ask students to use the following streets to walk along until they come to their feeder streets.

- 1. Everything south of SR-138, and Lake Point, will be bused.**
 - 2. Everything east of Stansbury Parkway funnel to Brigham Road and west to the school.**
 - 3. Porter Way funnels to Malachite (West streets) or Rockwell Lane (East streets) and then to Brigham Road.**
 - 4. All other streets funnel to Brigham Road to school crossing at Malachite (West streets) or Rockwell Lane (East streets).**
- **Crossing Guards Locations:**
 - 1) Stansbury Parkway and Brigham Road**
 - 2) Rockwell Lane and Brigham Road**
 - 3) Malachite and Brigham Road**
