

Dear Parents and Students

This school agenda will assist you in making this a very productive year. It is intended to provide school information and to give you a tool to manage your time. Students should record daily assignments from classes and keep a record of school business.

The School Agenda is also intended to clearly present rules, regulations and information from the Education Code, which will directly affect students and parents. Please pay particular attention to the section "School Wide Discipline." This section discusses items which can be construed as "dangerous objects", and therefore should NOT be brought to school. Firearms, pocket knives, letter openers, lighters, and fire crackers all fall into this category.

Occasionally, a student may be photographed or videotaped for distribution as part of a newspaper article, television broadcast or promotion video. In the event your child is photographed or videotaped, parent permission is required before that photographed or videotaped can be shown publicly.

Please read and review the School Agenda with your child. We would appreciate your acknowledgement of this information by signing this letter and having your child return it to his/her homeroom teacher. Also, please fill out the sections regarding the Internet Use Agreement and our "Acknowledgement Page."

Thank you very much for your cooperation. We wish you a rewarding year.

Sincerely,

Jean Chung, Assistant Principal

My child, \_\_\_\_\_, and I have reviewed and understand the information contained in the School Agenda for the 2016-2017 school year.
