

LCAP Goals 2017-2018

Goal 1:

We want our students to achieve higher proficiency using course materials that are representative of our focus on career and college readiness.

- We are developing industry competencies this year
- All Adoptions are current.
- Library materials have been updated by about 10% of all books/materials.
- Current training in materials and staff has worked with other schools/districts for better implementation

Goal 2:

Our students need to be given more opportunities to be college and career ready through additional course work, activities and related field trips.

- Tilapia hydroponics farm
- Construction site
- Palomar College
- College and Career day success
- Schoolwide project this year better represent who we are
(Save the date – May 16 6 to 7:30 pm – Night of Excellence)

Goal 3:

Our students will attend school more often and improve behavior.

- Attendance rate up a little over 94%
- Increased school year to 180 days
- Honor level system is working
 - 25% are all stars
 - 80% on Honor Level 1

Goal 4:

Our students will be prepared for college & career and graduate from high school.

- Graduation rate remains high, will continue this year
 - 3 – 5th year seniors have already completed,
 - 2 to go
- Concerned about Apprenticeships and completion rate.
- Over 60% have historically attended college out of TT

Goal 5:

Our learning materials, teacher assignment and retention and facilities will promote achievement and academic growth.

- Facility issues will be addressed this summer

Goal 6:

Our students will graduate with a sense of confidence in developing relationships with employers and elders. Included in this is the ability to converse with adults and have meaningful interactions.

- Advisory program, Schoolwide Project and Night of Excellence
- Personal Finance
- CTE programs
