

Recommend your dentist for Delta Dental PPOSM membership

We'll do **whatever it takes and then some.**

If your dentist is not a Delta Dental PPO dentist, we would be happy to consider him or her for participation in our PPO network. Please enter the information requested below and mail, email or fax it to us. You may also recommend your dentist through our website at deltadentalins.com. Visit the "Use Your Dental Plan" page of the Enrollee section of our website. In the "Finding Your Dentist" topics, select "Recommend your dentist for Delta Dental membership." (Please note: Recommendation does not always result in network membership. Generally, it is the dentist's decision whether or not to join.)

Mail to: Professional Relations
