## MEASURE SP CONSTRUCTION UPDATE South Pasadena Unified School District

### South Pasadena High School S.T.E.M. Buildings Demo Out to Bid

By the fourth quarter of 2017, the new STEM Building for South Pasadena High School will be underway.

Many hours of design meetings has led to the final DSA Construction Documents for the new building. The project demolition bid is scheduled for October 3, 2017 and anticipates Board of Education approval at the October 10, 2017 BOE meeting. This is the second major project of 2017 funded by the Measure SP bonds.

The building will be approximately 20,000 sq.ft. with classrooms, laboratories, student restrooms, and more. The new building will be located just west of the existing softball field, and in place of the existing modular classrooms and tennis courts.

Upon Board approval, demolition is anticipated to commence by the second week of November. The demo and grading operations are scheduled to be completed in December 2017. Directly after that, the construction of the new buildings will be scheduled with a forecast Substantial Completion date of December 2018.

#### Upcoming updates:

The conceptual plans for the High School Physical Education and Athletic Facility Modernization along with the Re-purposing of the Middle School Old Gymnasium is nearing completion and will be presented to the Board at the October meeting.

More updates to come in next month's newsletter!
