

# THE NEVER ENDING BOOK FAIR

Academy of Our Lady and **The Curious Reader** are pleased to announce a joint program designed to provide children with greater access to books at home and at school - while saving you money.

The Never Ending Book Fair program is very simple:

- When making a purchase, the customer lets us know that they are from your school.
- The customer will receive a 5% discount on that purchase.
- We will also deposit 10% of the net amount of that purchase into an account created for school use at **The Curious Reader**.
- Purchase by the school librarian using this account will receive a further 10% discount.
- Please contact Kristina Lautermilch at [klautermilch@gmail.com](mailto:klautermilch@gmail.com) with any questions.

## **The Curious Reader**

was designed with kids in mind: we wanted to create a space that was memorable and fun for children while at the same time offering a unique selection of current favorites, timeless classics, and lesser-known gems. Simultaneously, we aim to provide parents and teachers with a well-organized resource to help finding the right book simple with our one-of-a-kind Leveled Reading Library.
