

Collaboration 10.28.16

The three elementary ELD teachers met with the director. They discussed the updating of the reclassification criteria. More information is needed to determine inclusion of DWA scores and Fountas and Pinnell data. A meeting will be arranged to gain more expertise with Fountas and Pinnell. A variety of successful supplemental materials were reviewed and considered for re-purchase this year. Pass/fail grading policies for students at CELDT level 1 or 2 in grade levels 3-6 should be decided as a team with parents involved on an individual basis.
