

VIRTUS Child Protection Training

All adults who teach or volunteer with children here at St. Thomas More must have completed both the VIRTUS Child Protection training (see the attached link for instructions or visit virtus.org), and a background check through selection.com. In addition, employees must be fingerprinted by selection.com at their Tri County office, and must have an approved B-4 background check on file.

Upcoming VIRTUS training sessions can be found at the link below. Other locations are also available at virtus.org. When registering for VIRTUS training, please be sure to indicate St. Thomas More as your “home” parish.

Please contact Mike Gennett, our Safe Environment Coordinator, at mgennett@sttm.org with questions.
