

College Processing Form Deadlines

As you now know from Guidance class, for every college application you fill out, a College Processing Form must be submitted to your Guidance Counselor so that your school materials (transcript, letters of recommendation, etc.) can be sent to the college and accompany your application.

These College Processing Forms are due to your Counselor at least 10 school days prior to your college's application deadline. For your convenience, below you will find the deadlines for the College Processing Forms that coordinate with the most typical college app deadlines that schools require.

If a deadline for one of your schools in particular is not listed above, please make sure to count out 10 school days prior for your College Processing Form deadline, to ensure that all of your materials get to the college on time. If you need help in figuring out these 10 days, please see your Counselor for assistance.

You can find College Processing Forms in the "Forms" tab on Google Classroom, or on the Guidance page at the St. Dominic HS Website. Blank copies are always available in the Guidance office as well.

Please make sure to see your Counselor with any questions at all! We want to make sure we are helping you in any way that you need, and that your completed applications are getting to the colleges of your choice in a timely manner!
