School Description

Enterprise Elementary opened on August 11, 2014. It is the fifth school in Eastside Union School District.

Vision -

The Enterprise Elementary School Vision is to provide for all students to engage in the passion of learning while realizing personal success. In achieving this goal we take the following core concerns into consideration: Responsibility – We are responsible for a large part of the success of the students we teach; Relationship – We can not ensure personal and academic success in our students until we realize and achieve the need for positive adult relationships; Confidence – We have to build positive self-perceptions in order to grow students who can, and want to learn; Autonomy- We facilitate and guide students, but we understand that we must allow them to realize their own visions and work towards their individual envisioned futures.

Mission -

Enterprise Elementary School will accomplish the specific vision of through the provision of exceptional first instruction; working with and training an engaged student body along with families; providing for behavioral supports, as well as early intervention strategies.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

There will be increased parent involvement with Enterprise Elementary School. We will increase parent involvement through school sponsored functions, including family game nights, Family Literacy Night, computer classes (primarily for parents of English Language Learners), English classes, parenting classes, School Site Council meetings, English Language Acquisition Committee, African American Action Committee, and Semester assemblies. Our Parent Association will participate in various fundraisers and school functions.

Parents can become involved in Enterprise Elementary Schools various committees by contacting the Enterprise Elementary School office at (661) 946-6277, and asking for more information.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The school created and adopted a School Safety Plan for the 2016-2017 school year. Faculty began to develop and review the Safety Plan on 8/11/16. The School Safety Plan was approved by School Site Council on 11/17/16.

Enterprise Elementary Schools Principal, Dean of Instruction, and staff will maintain a commitment to a secure campus where students are free from both physical and psychological harm, allowing them to best realize their potential for academic success, and provide for a positive learning environment that allows students to explore alternative avenues towards student interpersonal relationships, violence prevention, and teaching strategies for student conduct and responsible behavior, while maintaining respect for others.

Professional Development provided for Teachers

Enterprise Elementary School supports the Common Core State Standards and 21st century instruction through a carefully planned staff development schedule. Teachers are provided planning time to review student performance of common formative assessments, and align instruction via the PLC process.

Enterprise Elementary School uses general staff meetings, grade level meetings, monthly math workshops, and district PLC days to promote and support staff professional development. Teachers are granted the opportunity to learn about student engagement, breadth of knowledge, AVID strategies, leveled questioning, Depth of Knowledge and common formative assessments. Teachers are able to meet with their grade levels regularly throughout the month, where they are prompted to collaborate in professional learning communities to answer questions such as: What do we want our students

to know? How are we going to know that they learned it? What are we going to do when they don't learn it adequately, and what are we going to do when they do learn it adequately? Furthermore, they utilize this time to analyze data from common formative assessments.

Types of Services Funded

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
