School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Fountain Valley High School is part of the Huntington Beach Union High School District. HBUHSD has over 15,000 students who attend six comprehensive high schools and two alternative educational sites. Fountain Valley High School has served students in the city of Fountain Valley since 1966. The school has become a beacon of excellence within the community. Fountain Valley High School was recognized as a California Distinguished School in 2003 and 2007.

The strength of the FVHS program is the diverse curriculum offered to the students by a committed and caring staff. The curriculum at FVHS offers challenging advanced placement and honors courses representing the most rigorous curriculum; diverse elective offerings including vocal and instrumental music programs known throughout the nation for their excellence; vocational and technical opportunities for students to explore career options; and a comprehensive special education program that meets the needs of students with various disabilities.

Fountain Valley High School is committed to maximizing the learning, growth and development of every student through the mentoring efforts of a dedicated and caring staff in partnership with parents and community. Our students will become critical thinkers, effective communicators, self-directed learners, and responsible members of society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

School Facility Conditions and Planned Improvements (Most Recent Year)

A new permanent structure replacing 12 aging portables was completed and ready for occupancy for the start of the 2006-07 school year.

Fountain Valley High School sits on approximately 55 acres of land. There are 101 classrooms/science labs, a media center, and three computer labs. The gymnasium serves as both a physical education classroom and an athletic facility. While many classrooms are standard classrooms, there are a variety of instructional spaces that house special programs (i.e. art, ceramics, photography, vocal and instrumental music, dance, and drama) that are designed to support their unique needs. Every classroom is wired for network and internet access. Over 80% of the classrooms are equipped with a ceiling mounted LCD projector, large screen and integrated sounds system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	77	82	75	76	44	48
Mathematics	60	63	48	52	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group

Grades Three through Eight and Grade Eleven (School Year 2015-16)

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	925	853	92.2	81.9
Male	11	466	425	91.2	76.3
Female	11	459	428	93.3	87.4

English Learners	11	16	9	56.3	12.5
Students with Disabilities	11	60	54	90.0	32.7

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents are involved on the FVHS campus in a variety of ways. Each athletic and performing arts group has a booster organization. The PTSA, which supports student recognition programs and scholarships, has more than 900 members, including parents, students, and staff. The FVHS Foundation recognizes student academic achievement and offers financial grants to support academic programs. FVHS parents also serve on the district advisory council for English Language Learners. The School Site Council monitors programs and approves expenditures of designated funds. Finally, the Volunteers in Public Schools program provides assistance during registration and supports various programs on campus such as the school-wide College and Career Day. Those wishing to be involved on campus in some way can contact the Community Resource Coordinator, Sharen Tait, at stait@hbuhd.edu or fvhs.com/vips.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16

Expulsions	0.1	0.2	0.1	0.1	0.1	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2016-17)

Safety is our priority. A comprehensive school safety plan is in place and was last revised Spring 2016. A variety of drills that address various situations (fire, earthquakes, etc.) are practiced throughout each school year and staff reviews the main points of the plan in the fall. The security staff monitors all school grounds throughout the day. Visitors are requested to check in at the front office upon arrival. Students are surveyed annually regarding safety concerns. Staff analyze survey results and adjust accordingly. FVHS maintains fair and consistent discipline policies. Disruptive and/or dangerous behavior is dealt with swiftly to maintain a safe and comfortable atmosphere for students and staff. The School Site Council monitors suspension data and other pertinent safety data annually. Fountain Valley High School has very low numbers of serious behavior incidences such as violence, bullying or drug/alcohol use on campus.

Professional Development (Most Recent Three Years)

HBUHSD is recognized statewide for the quality of its curriculum which is developed and continually updated by teachers in coordination with a staff of curriculum specialists who are experts in their fields. The resulting curriculum reflects State Frameworks, teacher recommendations, community needs and the needs of all students as they pursue post-secondary goals.

In addition to on campus activities which are attended by all instructional staff, the majority of FVHS teachers participate in off campus training programs or workshops. Some workshops that have been widely attended by teachers include Economics in Education Conference, Enriching World Language Instruction, South Math Conference, Art the Power to Innovate , and UCI Writing Conference, to name a few. The HBUHSD also promotes staff development through partnerships with UC Irvine, CSU Long Beach, the community colleges and by providing after school professional development opportunities presented by colleagues within the district. Also, new teachers participate in Beginning Teacher Support and Assessment (BTSA). Off-campus Professional Development is usually self selected and approved by the staff development committee. On-campus staff development is designed based on the needs and areas of concern of the teachers. For example, an emphasis has been providing training for the new information systems. The goal for all professional development is to educate teachers and staff in areas that will help them ensure that all students graduate with a solid core of knowledge that will assist them in reaching their greatest potential and becoming responsible citizens.
