

MATHCOUNTS

Are you interested in representing Larson in an Oakland County math competition?

The competition is held in February 2016. Larson sends one team to the competition. Students who are interested in training for the MATHCOUNTS competition should plan to attend on the following dates:

November 2015 => 5,12

December 2015 => 3,10,17

January 2016 => 7,14,21,28

February 2016 => 4,11

Meeting time/room location will be 6:30pm-8:00pm at room 709. (date and time could change due the facility availability)

Students will be administered a qualifying competition in December during a MATHCOUNTS class. That, along with the homework and test scores in the training classes, will determine all of those who make the Larson team and attend the MATHCOUNTS county competition. If you have further questions please contact Ms. McHugh smchugh2@troy.k12.mi.us or Soniya Pimple at soniyapimple@hotmail.com.
