What is Project Graduation?

Project Graduation is a national program that originated in 1979 (Oxford Hills, Maine), as a response to the increased number of casualties that were occurring during the graduation season due to drugs and alcohol.

Manor New Tech High School is proud to be a part of this effort to maintain a safe, fun environment for graduating seniors free of alcohol and other drugs. This program involves hosting an all-night event the night of graduation for our seniors that includes food, games, prizes, and much more!

The Project Graduation Committee works throughout the year planning and raising funds for this special event. Manor New Tech High School Project Graduation is a non-profit entity. **We are 100% dependent upon community donations.** Project Graduation would not be possible without the generous donation of time and money from our Manor parents and community members like you.
