

## **Emergency Closings**

In an event that might cause a school closing or delay of opening, the Superintendent will post the information on the top of the District web page.

The district also uses the SchoolMessenger notification system. If you would like to receive phone calls, text messages, and email alerts for school closings and emergencies, please contact your child's campus office.

The District will also notify:

FM radio stations K-LAKE 97.5, KKAJ 95.7 –

AM radio stations WBAP 820

TV channels 5, 8,10,11, and 12.

If no announcement is heard by 6:30 am, then it can be assumed that school will open as usual.
