

IMPORTANT THINGS YOU NEED TO KNOW

- All students have access to technology with chrome books, tablets and mac laptops carts located in **EVERY** classroom.
- Lessons are visible through Promethean Boards which support student interaction with the lesson.
- Our uniform consists of beige or tan khaki/pants and navy blue skirts.
 - Personalized uniforms can be purchased through our vendor.
- School Hours: 8:20AM-2:40PM.
 - Afterschool clubs take place between 2:45PM—4:00 PM (Wednesday & Thursday)
- Breakfast is offered each day starting at 7:30AM followed a community morning meeting where students read & discuss articles based on contemporary topics.

Joining the MS 358 family is exactly that; joining a family! We build and grow together; we rise and succeed together. We also have fun together through education and engaging programs.

The staff at MS 358 works closely with our PTA by establishing different committees that support our students. Through fundraising, family fun nights and other events, MS358 supports student learning, and promotes family connections!

Some of our afterschool clubs and programs are:

- Citizen Science Club, Girls Who Code and Robotics
 - The Animation Project
 - C.H.A.M.P.S. (Soccer, Track, Basketball)
 - Harmony (Violin/Viola/Cello Instruction)
 - MSQI Debate Teams
- Dance Company & Computer Science Majors
- Queens Community House After-School Program (Everyday 2:45PM-5:30PM)

Our curriculum is designed to engage students with the support of a staff that embraces all students!

It's hard to resist walking through the halls and not wanting to join the MS 358 family.

Me, Fire Within Me”*

THE Backdrop Of MS 358

The rising star of Queens , MS358 has planted itself on the map and intends to keep moving itself and all of it's students in one direction; UP!

Our students are offered Integrated Algebra, Earth Science, & Living Environment courses to support their ability to take Regents exams by 8th grade.

The student program is embedded with enrichment and tiered instruction that supports students' learning needs.

Students are encouraged to demonstrate the CORE VALUES of the school within themselves and amongst their peers. The thick thread of the school's fabric and existence are FIRE:

Fellowship
Integrity
Resiliency
Excellence

Success is no stranger within the halls of MS358. In 2015, we successfully implemented a uniform policy that allows students to take their minds off of the world of fashion and focus on the business of education.

MS 358's Vision

ALL of MS 358's students graduate ON or ABOVE grade level (Closing the Achievement Gap) and learn through S.T.E.A.M.

MS 358's Mission

At MS 358, we support student learning through rigorous instruction that incorporates passionate speaking, purposeful writing, powerful presentations, and digital literacy through S.T.E.A.M. (Science, Technology, Engineering, Art, and Mathematics). By providing a safe, nurturing environment, we will support growth in which all students take intellectual risks, think critically and work collaboratively to solve real world problems. As future leaders of the 21st century, our students will purposefully engage parents, the local community, and stakeholders as they progress on the continuum of college and career readiness and beyond.

Instructional Focus

If teachers design lessons and deliver instruction that incorporates "Purposeful writing" activities and opportunities for "Passionate speaking" then students will be able to make their thinking and reasoning visible through writing, speaking and other work
