Step 3: If you only have one child, your work is done.

If you have another child, you will need to update their information too.

Select the **next child's name** in **top left corner** of the Parent Portal.

- Test Results

Enter the **child's Date of Birth** and click **CONTINUE**. **The program will ask you if you want to SNAP information** from the first child into this child's update. **Select YES** if the **address and contacts are the same** for this child and you will **not have to re-type all of that information again**.

Repeat as needed until you have updated information for each child in your family.
