Re: Fingerprinting Law Affecting Contractors with School Districts

To Whom It May Concern:

As you may already be aware, there is legislation currently in effect requiring fingerprint clearance for any entity that has a contact with a school district. This law, the Michelle Montoya School Safety Act, requires fingerprinting and clearance of all Servicemen, Technicians, Delivery Personnel and Contractors who could come in contact with pupils at any school site. I want to stress that any of the above individuals reporting to a school site must report first to the school office.

If you already obtained the required fingerprint clearance and have proof of the clearance, please forward it to our office attention Annette Borges. If you need more information about what is required of you, please contact Annette Borges and she will forward the information to you. Annette Borges can be reached at (559) 685-7380.

Sincerely,

Manuel Madrid
Coordinator I
Maintenance, Construction & Grounds
