

Students should be at the *Home* screen when they log in if they are not working on an assessment. (If it doesn't go to the home screen then click on the 3 bars (menu button) in the upper left hand corner and then click on Home.) If they are finished with the summer requirement, it should show they are **Working toward**: Chapter 1 and the number of topics they have completed of that chapter followed by a due date.

For those students who are used to the previous version – you should not be concerned with the Pie anymore because it doesn't represent each chapter the same way the old version did.

If students are not finished with Chapter 0, they need to “Continue my Path” until it takes them to Working Toward Chapter 1.
