I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Santa Teresa is one of nineteen schools in the Oak Grove School District, a district that is committed to developing an inclusive, caring educational community in which each individual has an equal opportunity to achieve his or her potential. We believe that every child deserves a demanding, balanced, and rigorous level of standards-based instruction. At Santa Teresa, our mission is to cultivate a safe and nurturing environment. We are committed to developing socially and academically resilient students. Our students reach their potential daily, and understand that with hard work and unwavering support, they can achieve a future that is beyond what they can imagine today. We also acknowledge the need to prepare our students to be successful in the digital 21st century global community. We are committed to providing our students daily opportunities to engage in learning experiences that incorporate the use of technology. Our students will use technology to collaborate, create, and share ideas.

A. CONDITIONS OF LEARNING

STATE PRIORITY: BASIC

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

As per the Williams’ settlement, all Oak Grove schools are maintained in a manner that assures a clean, safe, and functional site as determined by periodic evaluation.

Measure P: On November 4, 2014 the voters in Oak Grove School District approved the issuance of Measure P. Measure P authorized the issuance of \$89.8 million in bonds to benefit the Oak Grove School District. The funds are meant to be used to renovate, repair, acquire, construct and modernize classrooms and facilities, and increase student access to computers and technology.

During the summer of 2015, 2016 and 2017, ten school sites (Anderson, Bernal, Davis, Del Roble, Edenvale, Oakridge, Parkview, Herman, Hayes and Sakamoto), had over approximately 38 million dollars of HVAC and Roofing renovations completed.

After the successful completion of the Measure Q Bond program, the Oak Grove community approved Measure S in November 2008 that authorized an additional \$125 million General Obligation Bond to continue needed school modernization projects, construct two new intermediate school gymnasiums, and consider solar technology systems throughout the district. Combined with local Routine Repair funds and State Deferred Maintenance funds, future facility improvements will insure that critical services continue to be provided for our students for years to come.

School Facility Good Repair Status

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected

B. PUPIL OUTCOMES

STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Mathematics (grades 3-8 and 11)	55%	54%	42%	42%	36%	37%

NOTE: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016–17)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	346	343	99.13%	64.43%

Students Receiving Migrant Education Services				
Foster Youth				

NOTE: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

NOTE: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. ENGAGEMENT

STATE PRIORITY: PARENTAL INVOLVEMENT

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement - (School Year 2017-18)

Parents contribute tirelessly in a myriad of ways. On any given day, one can observe numerous parent and community volunteers tutoring in classrooms, talking with teachers, or meeting to plan a particular mentoring lesson or fund raiser. At Home and School Association fundraisers, such as our Walkathon, Book Faires, Multicultural Event, and Harvest Festival, parents arrive as early as 6:30 a.m. and leave as late as 11:00 p.m. Our School Site Council, comprised of community and staff members, coordinates efforts with our Home and School Association in unified support of successful student learning. They co-fund such school expenditures as technology, classroom and up to date library books for independent reading, and instructional monies for teachers. District Advisory Committee parent representatives attend district meetings, while other parents serve on the District English Language Acquisition Committee. Both serve as liaisons among staff, parents and community in reporting information at School Site Council and Home and School Association meetings and in our newsletters. At African-American and Latino parent meetings, parents participate in regular forums for student success by receiving information, while given access and opportunity to embrace in a dialogue with the Principal on needs, questions, and concerns.

Dedication of families and community members is shown by the thousands of hours of volunteer time donated yearly. Included in these “gifts of time” are parents who volunteer to chaperone on field trips, help in classrooms, help at home, work in the library, assist with computers and/or serve as speakers and tutors. Parent volunteers focus on literacy, as they participate in classroom literacy center and support teachers' during Guided Reading and independent literate activities that are essential to the standard grade level's focus.

STATE PRIORITY: SCHOOL CLIMATE

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan – Most Recent Year

Providing a safe school is a high priority for Santa Teresa School. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensures success for all students.

Prevention education at Santa Teresa includes supplemental programs and policies including positive behavioral interventions and supports (PBIS), peer mediation, conflict resolution, positive discipline, refusal training for students and parents, drug, gangs, alcohol, substance abuse, bullying, harassment, graffiti, tobacco prevention education, developmental assets, and the Wellness Policy including physical education and nutritional education.

Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships. Our school has a community liaison that supports the regular attendance of our students.

In order to reduce the number of incidents of bullying and harassment among students and to ensure that students feel neither intimidated nor threatened by bullying or harassment, Santa Teresa has an ongoing program that specifically addresses issues of race, ethnicity, gender, sexual orientation, perceived sexual orientation, and perceptions which commonly surface in bullying/harassment incidences.

We also have ongoing classroom instruction and use social settings inside and outside the classroom to focus on the life skills of empathy, anger management, and problem solving.

Each year staff is educated, trained, and practices the concepts of the National Emergency Management System which includes fire drills, earthquake evacuation, lock down process, first aid procedures, communicable disease action plan, and emergency evacuation maps.

We balance the school discipline plan with positive incentives, as well as appropriate alternative consequence plans. School-wide rules are posted in each classroom. Positive incentives are offered for positive behavior/attitude, good attendance, positive wellness, and practices, academics. Alternatives reviewed as options to positive discipline include campus clean-up, campus projects, incentives, community services, behavior plans/contracts, site or off-site group or individual counseling, and/or alternative placements.

We strive to improve the system of publications to students, staff, and community which will include or focus on student awards/recognition, rewards, school activities, achievements, acknowledgments, and announcements.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school provides extensive training for teachers in the implementation of standards, development of effective assessments, and analysis of student work and teaching practices with an emphasis on closing the achievement gap. There are numerous opportunities for participation in district in-services, out-of-district conferences, workshops, and committees. Currently much emphasis at the site level has been dedicated to the implementation of the common core standards. All staff members participate in this school-wide initiative. We have a leadership team that leads site staff development around analyzing student work, developing effective strategies for the classroom, and using grade level time to improve instruction.
