\*\*\*Note: The following policy reflects the requirements of the School-Based Program Coordination Act pursuant to Education Code 52800-52904. \*\*\*

In order to best serve students with special needs, as well as students participating in designated educational programs, the Governing Board encourages school-based program coordination as a means for achieving flexibility in the use of the categorical funds received by each school. The Board believes that resources acquired to assist students in one program often can benefit other students without in any way depriving the originally targeted group.

\*\*\*Note: Before schools begin to develop the plan required for operating under this act, Education Code 52852.5 mandates the Board to adopt policies ensuring that a school site council is established to consider whether or not it wishes the school to participate in the program; see also BP/AR 0420 - School Plans/Site Councils.\*\*\*

A school-site council shall be established at each school to consider whether or not it wishes the school to participate in school-based program coordination. All interested persons shall have an opportunity to meet in public to establish the site council. (Education Code 52852.5)

(cf. 0420 - School Plans/Site Councils)  
(cf. 1220 - Citizen Advisory Committees)

Evaluation of each participating school's educational program shall include an assessment of the school's effectiveness in meeting the needs of each student population targeted by categorical funds.

(cf. 0500 - Accountability)  
(cf. 3553 - Free and Reduced Price Meals)  
(cf. 6190 - Evaluation of the Instructional Program)
