

Summit Academy's Community Forum

We are excited to invite our parents to our first Summit Academy Community Forum. At these forums, we will be discussing the academic landscape and communicating about the growth of Summit Academy.

There will be three forums, one at each of our Summit Academy campuses. You are welcome to attend the forum on the date and time that works best for you. We please ask that you DO NOT bring students or younger children with you as we have very limited space.

Welcome and Preview
