

Alta Sierra School
SUGGESTED SUPPLIES FOR 2017-2018

Parents can help support the schools by providing basic, non-toxic supply items for your child/children from the list below. This is not required and no student will be prevented from full participation in any school activities if they cannot provide the supplies. Teachers may ask for different and/or additional items throughout the year. Your support in this request will be greatly appreciated. If you would like to donate extra supplies, that too would be greatly appreciated. All items should have child's name written on them with permanent marker **EXCEPT KINDERGARTEN**
