

Location: Computer Lab

¡Bienvenidos! Come join the 500 million people across the globe who speak Spanish, through a fun and interactive beginners' language course. You will learn to *hablar español* through games, songs, visual aids and dialogues. The emphasis is on real-world conversation, including greetings, making friends, asking questions and fundamental vocabulary. The small group setting allows for ample opportunity for students to practice speaking and listening skills. Workbook included. ¡Diversión en español!

Update from the teacher for this session: “Fall is upon us and Spanish classes are too. I hope to see all of you again and to have the opportunity to work with your wonderful children once more. Last year we had fun speaking, singing, making art while learning Spanish. Last period of Spanish class, students worked with the numbers and the colors, the days of the week and the months. They also began telling things about themselves. They may remember how to recite the Pledge of Allegiance. We sing to practice vocabulary words of all kinds, and this helps us to have fun while we learn. The students are ready to begin some one on one conversation, look at places and name them, also to learn some family names and to tell what they like—me gusta, and lots more. I am looking forward to working with this great team again. I have new material and I have prepared new games, Mexican Independence Day is coming and Día de los muertos is also coming, let’s get ready for them, I hope to see you soon.”

Tuesday

Legos

2:42-4:15pm

Gr.1-3

Instructor: Play-Well Teknologies

Location: Auditorium Stage

STEM Challenge using LEGO

Master your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO®! Apply real-world concepts in physics, engineering, and architecture through engineer-designed projects such as Gear Cars, Gondolas, Merry-Go-Rounds, and Scissor Lifts! Design and build as never before, and explore your craziest ideas in a supportive environment. There is no prerequisite for this course.

Cooking Skills

2:42-3:45pm

Gr.1-3

Instructor: Michele Molony

Location: Teacher's Lounge

Garden to Table. Food, Fun and Friendship.

Cooking from scratch with Chef Michele Molony, a well known local chef who teaches kids. Learn kitchen fundamentals in a fun hands-on environment. Developing a lifetime of healthy eating, cooking skills/habits, and community building.

Wednesday

Soccer

1:10-2:15pm

TK & K

Instructor: Jeff Johnson

Location: Upper grass

Do you want to be the next Landon Donovan, Lionel Messi or Cristiano Ronaldo? Experience the latest super skills, tricks and 1v1 secrets to be the best player on the field. In addition, learn the fundamentals of soccer: dribbling, passing, trapping, heading and shooting. We want you to come out to train, play and enjoy the world’s greatest game with friends! This soccer class is a game-based program loaded with fun activities! The children will have the opportunity to learn skills and learn team play while playing soccer

related games. Each student will receive one Pro Dri-Fit training jersey as well! Sign up fast and don't miss out!

Soccer *1:30-2:35pm* *Gr.1-6* *Instructor: Jeff Johnson*
Location: Upper grass

Tennis *1:30-2:35pm* *Gr.1-6* *Instructor: Goleta Valley Tennis Association-Peter*
Location: Blacktop

Lessons cover the basics of tennis-ground strokes, volleys, serves and game rules and strategy-presented in an engaging and energetic format. Students move thru drills and games created to provide repetitive practice of the skills demonstrated over the class session. Classes will be taught by Peter Gerstenfeld and/or an assistant tennis instructor using a portable net set up on a designated blacktop area. Children should wear athletic shoes and comfortable clothing to participate.

Running Club *1:30-2:45pm* *Gr.1-6* *Instructor: Becky Aaronson*
Location: Rose Garden

Join the fun this fall and become a member of the Roosevelt Running Club. Kids can expect an energizing hour plus of running, relays, and obstacle courses, all geared toward helping them build confidence and endurance. They will learn the fundamentals of running, stretching and being part of a team, and they will master the skills necessary to comfortably compete in a 1-mile race at the end of the season. Most of all they will have fun! Kids of all abilities are encouraged to join this supportive group and will be excited by the many motivational prizes, ribbons and awards they can earn along the way as well as the end-of-season celebration and raffle giveaway. The Running Club is all about "Kids Celebrating Fun, Fitness and Friendship" and includes coaching, motivational speakers, tons of great prizes as well as a healthy snack. A Roosevelt Running Club t-shirt will be available for purchase. Instructors will pick up kids in school courtyard, then walk them to the Rose Garden for the class. End of class: parents pick up your child at the Rose Garden. RAP class kids will be walked back to campus by the run club instructor.

Ceramics *1:30-2:35pm* *Gr.1-6* *Instructor: Armando De La Rocha*
Location: Art Room

Introduction to the fundamental techniques employed in working with clay. Topics include: hand building with pinch pots and coil methods, slab construction, texture engraving and glazing/painting. Some potential projects we will do: puffer fish, jewelry box, bird house, self portrait mask, creature sculptures, luminaria/incense holder using cookies cutters. The pieces will be fired off site by the teacher at his kiln, then returned to class when ready. Our goal is for everyone to take 5-7 finished pieces showing the natural creativity and imagination of students in each art piece. This teacher is a local well known artists, that also exhibits at the Sunday Waterfront Art Show!

<i>Piano-Keyboard</i>	<i>2:42-3:45pm</i>	<i>Gr.1-3</i>	<i>Instructor: Musical Minds-Christine</i>
	<i>3:04-4:10pm</i>	<i>Gr.4-6</i>	<i>*Classes will be overlapping.</i>
			<i>Location: Library</i>

Kids will have the opportunity to learn to play their favorite songs and music on electric keyboards. Radio hits, movie and television themes are made so easy, that our participants will be playing them after the very first class! The club is a combination of keyboard piano lessons and a music learning workshop, which uses a clever visual method to teach the basics of music reading and piano playing. We have developed lots of learning games and activities designed to instruct students in the fundamentals of music theory, in ways that are fun, engaging, and stimulating. We want our students to stay motivated and continue to want to learn to play music, whether they like Michael Jackson or Taylor Swift, the Black Eyed Peas or Beethoven. We have music from Wizards of Waverly Place, Star Wars, Harry Potter, Indiana Jones, Sponge Bob, Phineas & Ferb and more. This session is for both new beginners and students who participated in our spring program. Each participant has his/her own keyboard supplied during the class, along with headphones, and books and other materials are included. Website: <http://www.musicalmindspianokeyboardclub.com/>
