March Students of the Month

March Students of the Month were honored today for their kindness, support of others, and for helpfulness to teachers and students. They are (left to right); Steven Sole, Grade 11; Sauda Meah, Grade 12; Jeremy Perez, Grade 9; and Sabian German, Grade 10. Congratulations for being great members of the school community!

Fashion Show

This year's MRHS Fashion Show demonstrated once again what we already know, that our students are talented, sophisticated, and determined young adults. Every aspect of the evening, from the articulate master of ceremonies, to the fantastic solo singers, to the amazing models, typified a classy and professional event. The seamless transitions revealed a very strong behind-the-scenes crew. It is so gratifying when so many young people with different talents and interests can come together as a team to create an event for all members of the community. This was more than just a fashion show, it was a representation of the Manchester Regional High School spirit!

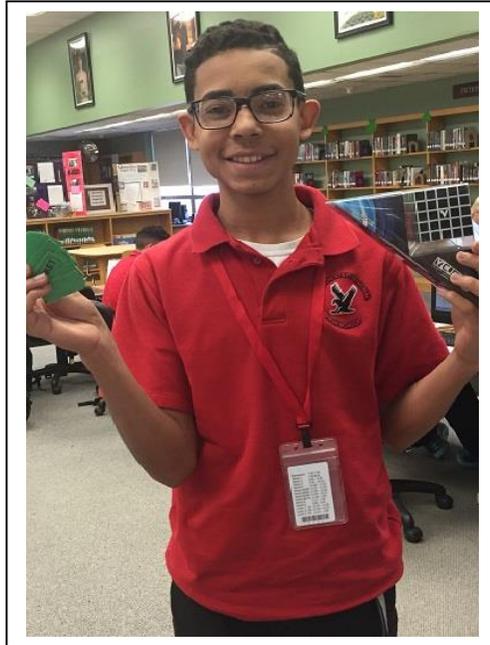

Track and Field Team Compete in Benefit Meet

Last weekend the Manchester Track & Field Team competed in the annual Hayden's Heart 5 K run. This benefit helps a family with a child who has been diagnosed with Congenital Heart Defects. This year we had 10 runners out of a field of 600 participants. Six of the runners finished in the top 100 and received medals. Pictured at left are Leen Abaza, Maya Abaza, Satanai Aloush, Donna Garandouka, Maryan Sagha, Shirley Montes, Julian Caceres, Andoni Ramirez, Giancarlo Moreno, Henry Guevara.

[Going for the Rubik's Cube](#)

Sabian German earned enough tickets in Ms. Petrillo's science class to win a 5-V Rubik's Cube. Sabian has been collecting tickets since January and has finally reached his goal. Sabian can solve the 4-V Rubik's cube on demand and was looking for something a little more challenging. He has yet to solve this one, but is happy to accept the challenge.

[Making a Classroom Work](#)

Mr. Orsini and Mr. Hornby utilizing new seating arrangements in their Algebra 1 ICS class to enhance instruction.
