### **EMPLOYEE AGREEMENT FOR ACCEPTABLE USE OF THE DISTRICT'S TECHNOLOGY RESOURCES**

You are being given access to the District's technology resources, meaning electronic communication systems and electronic equipment. It is important that you read the applicable District policies, administrative regulations, and agreement form. [See policies CQ and DH, and provisions on use of electronic media in the employee handbook].

Inappropriate use of the District's technology resources may result in suspension or revocation of the privilege of using these resources, as well as other disciplinary or legal action, in accordance with applicable District policies, administrative regulations, and laws.

As a user of the District's technology resources, you will be able to access:

- An unlimited number of databases, libraries, and resources;
- The Internet and other electronic information systems/networks, which can be used to communicate with schools, colleges, organizations, and individuals around the world; and
- Shared electronic equipment, which may have stored temporary Internet and electronic files of other users.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across some material you might find objectionable. While the District will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for appropriate use.

If you are being issued a District technology device that can be used off campus, you will be given additional materials addressing the proper use, care, and return of these devices.
