INDEPENDENT AUDITOR'S REPORT

Board of Directors
South Valley Charter School
Morgan Hill, California

We have audited the accompanying financial statements of the South Valley Charter School (the Charter School), as of and for the year ended June 30, 2012, and the related statements of activities and changes in net assets, cash flows, and functional expenses for the fiscal year then ended. These financial statements are the responsibility of the Charter School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Charter School as of June 30, 2012, and the changes in its net assets and its cash flow for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2012 on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Charter School's basic financial statements. The accompanying supplementary information listed in the table of contents is presented for

Chavan & Associates, LLP
Certified Public Accountants

purposes of additional analysis and is not a required part of the basic financial statements of the Charter School.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

CHARTER SCHOOL OF MORGAN HILL
(SOUTH VALLEY CHARTER SCHOOL)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

The South Valley Charter School was organized in August, 2001, for the establishment and operation of a Grade K-8 Charter School according to Senate Bill 1448 and under the laws of the State of California as a non-profit organization. As such, the Charter School received certain public funding but is exempt from state laws governing Public Schools. The Charter School is governed by a Board with seven (7) Directors.

A. Reporting Entity

The Charter School includes all funds that are controlled by or dependent on the Charter School's governing board for financial reporting purposes. The Charter School has considered all potential component units in determining how to define the reporting entity, using criteria set forth in generally accepted accounting principles. The Charter School determined that there are no potential component units that meet the criteria for inclusion within the reporting entity.

B. Accounting Principles

The Charter School accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's California School Accounting Manual. The accounting policies of the Charter School conform to accounting principles generally accepted in the United States of America, as prescribed by the American Institute of Certified Public Accountants, which require the use of the accrual method of accounting. Under the accrual method of accounting, revenue is recognized when earned and expenses are recognized in the period incurred.

C. Contributions

The Charter School reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Restricted contributions for which the restrictions are met in the year received are considered unrestricted for financial statement purposes. When a donor restriction expires because a time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

D. Concentrations of Credit Risk

Financial instruments which potentially subject the Charter School to concentrations of credit risk include cash and investments. The Charter School maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits as guaranteed by the Federal Depository Insurance Corporation (FDIC).

E. Cash and Cash Equivalents

For financial statement purposes, the Charter School considers investments with a maturity of three months or less to be cash equivalents.

CHARTER SCHOOL OF MORGAN HILL
(SOUTH VALLEY CHARTER SCHOOL)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

F. Investments

Investments held by a broker in customer accounts are protected against physical loss by the Securities Investor Protection Corporation (SIPC). The Charter School held no investments as of June 30, 2012. The following methods and significant assumptions were used to estimate the fair values of financial assets and financial liabilities:

1. Assets for which carrying amounts approximate fair values include cash and cash equivalents and certain other assets that mature within 90 days.
2. For investment securities for which it was practicable to determine fair value, fair value is based either on exchange-traded prices or broker-dealer quotations for the same or similar securities.
3. For accounts receivable, accounts payable and accrued expenses, fair value approximates carrying value due to the relatively short period of time between their origination and expected realization.

G. Accounts Receivable and Due from Grantor Government

Management believes that all amounts are fully collectible and it is the Charter School's policy to charge off uncollectible accounts when it is determined they will not be collected.

H. Capital Assets

Capital assets are those purchased or acquired with an original cost of \$5,000 or more and are reported at cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset's lives are not capitalized, but are expensed as incurred.

Depreciation on all capital assets is computed using a straight-line basis over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Improvement of sites	5-20
Buildings	30-50
Portable buildings	30
Building improvements	20
Furniture and fixtures	20
Playground equipment	5-20
Field and grounds equipment	3-20
Food services equipment	15
Transportation equipment	15
Telephone system	10
Vehicles	8
Computer system and equipment	5
Office equipment	5

CHARTER SCHOOL OF MORGAN HILL
(SOUTH VALLEY CHARTER SCHOOL)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

As of June 30, 2012, capital assets consisted of buildings and improvements in the amount of \$302,912. The depreciated value of buildings and improvements was \$273,885, which is net accumulated depreciation of \$29,027. Depreciation expense for the fiscal year ended June 30, 2012 was \$9,816.

I. Basis of Presentation

The financial statements are presented in conformity with Financial Accounting Standards Board Accounting Standards Codification 958 (FASB ASC 958) of Not-For-Profit Organizations. Under FASB ASC 958, the Charter School reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Permanently Restricted Net Assets - Net assets subject to third party or legal stipulations that they be maintained permanently. There were no permanently restricted net assets as of June 30, 2012.

Temporarily Restricted Net Assets - Net assets whose use is limited by third party or legal stipulations that either expire by passage of time or can be fulfilled and released by actions pursuant to those donor-imposed or legal stipulations. Temporarily restricted net assets consisted of \$99,850 for the 3% reserve required by the Memorandum of Understanding between the Charter School and Morgan Hill Unified School District.

Unrestricted Net Assets - Net assets whose use is not subject to third party or legal restrictions.

Revenues are reported as increases in unrestricted net assets unless their use is limited by third party restrictions. Expenses are reported as decreases in unrestricted net assets. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported as net assets released from restrictions in the statement of activities.

J. Budget and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By State law, the Charter School's Board of Directors must adopt a budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The Charter School's Board of Directors satisfied these requirements.

K. Income Tax Status

South Valley Charter School is publicly supported and has applied for, and received, tax-exempt status under Internal Revenue Code Section 501c(3) and Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision for income taxes has been reflected in these financial statements.

(SOUTH VALLEY CHARTER SCHOOL)
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2012

L. Functional Allocation of Expenses

The cost of providing various programs and other activities has been summarized on a functional basis in the Statement of Activities and Changes in Net Assets and the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

M. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 2 - CASH AND CASH EQUIVALENTS

The carrying amount of the Charter School's total cash was \$537,341 at June 30, 2012 and included restricted cash of \$99,850. The bank balance, before reconciling items, was \$508,911 at June 30, 2012 of which \$88,315 was not covered by Federal Depository Insurance (FDIC). NOTE 7 - COMMITMENTS AND CONTINGENCIES

State and Federal Allowances, Awards and Grants

The Charter School has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

Commitments

According to the Facility Use Agreement between the Board of Directors of the Charter School and the Board of Trustees of the Morgan Hill Unified School District, the Charter School shall pay the School District an amount equal to 3% of certain Charter School revenues which include the State aid portion of the general purpose block grant, categorical block grant and in-lieu of property taxes. Payment shall be made by the Charter School at the end of each fiscal year.

NOTE 8 - RETIREMENT PLANS

Qualified employees are covered under cost-sharing multiple-employer contributory retirement plans maintained by agencies of the State of California. Certified employees are members of the State Teachers' Retirement System (STRS).

Plan Description and Provisions - State Teachers' Retirement System (STRS)

Plan Description. The Charter School contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability, and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

Funding Policy. Active plan members are required to contribute 8.0% of their salary and the Charter School is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2011-12 was 8.25% of annual payroll. The contribution requirements of the plan members are established by state statute. The Charter School's contribution to STRS for the fiscal years ending June 30, 2012, 2011 and 2010 were \$146,368, \$141,296 and \$143,176, and equals 100% of the required contributions for the year.

403(b) and 457(b) Retirement Plans

All full time employees are allotted a supplement to cover medical insurance premiums. If employees waive those premiums because they are covered by other plans, or if their premiums are less than the supplement, the full amount or the balance is contributed into a 403b or 457b Retirement Plan or taken as ordinary income, based on the employee's choice.

NOTE 9 - SUBSEQUENT EVENTS

Management has reviewed subsequent events and transactions that occurred after the date of the financial statements through the date the financial statements were issued. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no non-recognized subsequent events that require additional disclosure.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
South Valley Charter School
Morgan Hill, California

We have audited the financial statements of South Valley Charter School as of and for the year ended June 30, 2012, and have issued our report thereon dated November 19, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered South Valley Charter School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the South Valley Charter School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the South Valley Charter School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether South Valley Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE DIRECT AND MATERIAL EFFECT ON STATE PROGRAMS

Board of Directors
 South Valley Charter School
 Morgan Hill, California

We have audited South Valley Charter School’s compliance with the types of compliance requirements described in the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2011-12*, published by the Education Audit Appeals Panel that could have a direct and material effect on each of South Valley Charter School’s State programs for the year ended June 30, 2012. Compliance with the applicable requirements is the responsibility of South Valley Charter School’s management. Our responsibility is to express an opinion on the Charter’s compliance with the applicable requirements based on our compliance audit.

We conducted our compliance audit in accordance with auditing standards generally accepted in the United States of America; the standards for financial and compliance audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2011-12*, published by the Education Audit Appeals Panel. Those standards require that we plan and perform the compliance audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a State program occurred. The compliance audit includes examining, on a test basis, evidence about South Valley Charter School’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our compliance audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of South Valley Charter School’s compliance with those requirements.

In connection with the compliance audit referred to above, we selected and tested transactions and records to determine the Charter’s compliance with the state laws and regulations applicable to the following items:
