Dear Parent/Guardian:

California law, Education Code Section 49452.8, now requires that your child have an oral health assessment by May 1 in kindergarten or first grade, whichever is his or her first year in public school.

The law specifies that a licensed dentist must perform the assessment, or other licensed or registered dental health professional.

An oral health assessment completed within the 12 months before your child enters school will meet this requirement.

The attached assessment form must be completed by a dentist and returned to the school nurse before May 1, \_\_\_\_\_.

If you have any questions or need assistance finding a dentist, contact your school nurse or health services assistant.

If you cannot take your child for this assessment, you may be excused from this requirement by requesting a waiver.

Thank you for your cooperation.
