PRESS RELEASE

DATE: February 5, 2016

RELEASE TIME: IMMEDIATE

CONTACT SPOKESPERSON: ROLF SIVERTSEN/SUPERINTENDENT rsivertsen@midland-7.net

IMMEDIATE UPDATE

On February 4, 2016 the Midland Board of Education directed the superintendent to contract with IDEAL Environmental Engineering to conduct Lead Sampling and Air Quality Sampling within Midland Middle School. IDEAL gathered Lead Samples from within the Middle School last night. Late this afternoon IDEAL released a report indicating that the Lead Samples detected no evidence of lead dust within Midland Middle School. Air samples were obtained this afternoon. School officials are expecting the results of the air sampling Monday morning. All news outlets will be provided with the Air Sample results when they become available.

The Midland District is targeting Tuesday February 9, 2016 to resume school. As the district continues to move classes from the Elementary School to the Middle School, and the weekend progresses, the district will provide updates regarding the resumption of school. Midland is committed to providing a safe and healthy environment for students and staff.
