

# **BHS Mission, Vision, & Goals**

## **BHS Mission**

Beaumont High School will maintain a positive learning environment to support a rigorous educational program focused on college and career readiness which responds to students' academic, social, technological, physical, and social/emotional needs.

## **BHS Vision**

Beaumont High School is committed to advancing as a center of academic excellence and fostering the development of lifelong learners who act responsibly, safely, and respectfully towards all members of their community. All stakeholders in learning are dedicated to ensuring that students are prepared to face the challenges of an evolving world.

## **School Goal #1**

Beaumont High School will ensure a viable **21st century learning environment for all students that includes full access to the CA State Standards and college and career preparatory courses**. Students will participate in activities and utilize tools and technology in order to meet the new college and career indicators.

## **School Goal #2**

Beaumont High School will ensure a **positive climate and school culture** for students by providing opportunities for them to build positive relationships with staff members and to access resources from the greater Beaumont community.

## **Instructional Focus Statement**

Students will be able to construct viable arguments with increasing complexity, build upon other ideas, and critique the reasoning of others, both orally and in writing, across content areas, using evidence from multiple sources.

## **BHS will accomplish this by:**

1. Providing a 21st century learning environment through updated curriculum, the use of instructional strategies centered around the 4 Cs (**emphasized instructional strategy - Close Reading**), and realigning our assessments to mirror the CAASPP.
2. Providing a positive school climate by implementing consistent practices, support systems such as restorative justice, and ensuring equity for all.
