Local Control and Accountability Plan Goals

- ★ All students will reach high standards and increase student achievement in English language arts, mathematics, science, social studies and physical education in order to be prepared for the demands of the 21st century.
- ★ All students will have opportunities to engage and participate in extra-curricular activities, and visual and performing arts in order to meet the demands of the 21st century.
- ★ All English learner students will increase proficiency in English, while working to reach all content standards and increase student achievement in English language arts in order to be prepared for the demands of the 21st century.
- ★ All administrators, educators and support staff will engage in consistent professional development and training experiences that are purposeful and relevant, which will enable our students to be prepared for the demands of the 21st century.
- ★ All students will be educated in learning environments that promote parent and community involvement which are safe, drug-free and conducive to learning.

Educating each child is a moral purpose intent on making a difference in the lives of all children. It requires all of us to move beyond our own personal and professional biases, to work collectively as a team that is committed to achieving the *Common expectation*.

It is a purpose greater than oneself.
