

Cost-Saving Measures

Benjamin School District 25 strives to provide the best educational program using a cost-effective approach. One of the district's goals is to "ensure organizational effectiveness and fiscal stability." A listing of cost-saving measures implemented by the district illustrates the efforts of the School Board, administration and staff to be fiscally responsible. Periodically, the list will be updated as new cost-saving measures are implemented.

Contact Dr. Philip Ehrhardt, superintendent, at (630) 876-7800 or pehrhardt@bendist25.org to share your questions, comments and suggestions.
