

How to access an e-book through *Destiny*

- Step 1 - Access *Destiny* through the St. Marys Area High School web page.
- Step 2 - When the *Destiny* page appears on the screen there is a log in button. Students usually access *Destiny* without logging in. They must log-in in order to access *Destiny*.
- Step 3 - Select the e-book they want to read by clicking on the OPEN button beside the book.
- Step 4 - Type in their Power School username for the username.
- Step 5 - Type in their Student ID Number which is also their lunch number.
- Step 6 - Hit enter. This should take them directly to the book.

If a student does not know their username or password, send them to the library and the librarian or the library aide can assist them with these items.
