

St. Anastasia Athletic Board Athletic Handbook Agreement

This Athletic Board Handbook is a guide to help you become more knowledgeable of our athletic policies and procedures at St. Anastasia Parish School. Its purpose is to strengthen an already close relationship among student athletes, parents, coaches and administration.

The policies in this handbook were established to help each child grow to his/her highest potential. And to establish guidelines for what is expected of our staff. We ask that you cooperate in upholding these policies. Please read this carefully and keep it for reference during the school year.

I have read this handbook and will abide by the policies and guidelines stated in this book.
