

PHYSICAL DATES FOR SPRING SPORTS

Wednesday, February 21, 2018

3:00 PM

PLEASE NOTE:

All physicals are being held in the high school L.G. I. Room. You must pre-register on FamilyID. Please bring PIAA Section 5 & 6 completed and signed by you and your parent/guardian in order to receive a physical.

IMPORTANT INFORMATION CONCERNING IMPACT TESTS:

In addition to physicals, Kiski Area High School will administer the ImPACT test to the student athletes that play a contact sport. The ImPACT test (IMMEDIATE POST-CONCUSSION ASSESSMENT AND COGNITIVE TESTING) is the first most widely used and most scientifically validated computerized concussion evaluation system. This test will help the athletic training staff quickly diagnose, evaluate, and treat a concussion. Athletes will be tested during a practice by our trainers.

WHO NEEDS IT: Any 7th, 9th OR 11th grader or anyone who has not had a previous test.
