Kaya</p>	<p>Strive HI Group Analysis</p> <p>Attendance: Since there is an initiative by the school to address chronic absenteeism, parents are concerned that there is too much effort to get students to school and some students are coming to school sick.</p> <p>Students feeling safe in school - Ms. Willcox sent out a survey to the students to see if the students feel safe or bullied in school. We will be able to collect more data.</p> <p>Concern: There are no narratives from the students to explain why they feel unsafe or bullied.</p> <ul style="list-style-type: none"> • SLES is in a different socio-economic area. Since the home environment is not included in the data report, how do we compare to other schools with similar demographics? Admin and Lori will look into where we stand in comparison. We are not at the bottom, which is a good thing. • WIDA access report is how we got the number on the report. However, the algorithm they used to calculate the number is forthcoming. • SBA accommodations for students with needs (ELL/SPED) were given access to questions and choices being read out loud to them.
