

CABRI™ JR. BASICS: OPENING AND EDITING A FILE

ACTIVITY OVERVIEW:

In this activity we will

- Access the Cabri™ Jr application
- Open the file called **POINTS**
- Edit and save the file

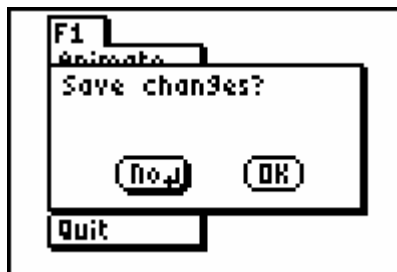

Turn the calculator ON and press **[APPS]**. Move down the list using **↓** until you find CabriJr. Press **[ENTER]** to select the application. (Or simply press the number to the left of CabriJr.)

```

APPLICATIONS
1: Finance...
2: ALG1CH5
3: ALG1PRT1
4: AreaForm
5: CBL/CBR
6: CabriJr
7↓ CelSheet
    
```

Press **[Y=]** for the F1 menu and select **New**. (If asked to **Save changes?** press **←** **[ENTER]** to choose “No.”)
