Controller Medicines	How Much to Take	How Often	Other Instructions
		time(s) per day EVERY DAY!	<input type="checkbox"/> Gargle or rinse mouth after use
		time(s) per day EVERY DAY!	

➤ If student does not have any medication at school, follow the emergency instructions on the back.

SPECIAL INSTRUCTIONS WHEN I AM  *doing well,*  *getting worse,*  *having a medical alert.*

GREEN ZONE  **I Feel Good** **PREVENT** asthma symptoms every day:

- Breathing is good, and
- No cough, wheeze, chest tightness, or shortness of breath during the day or night, and
- Can work or play as normal.

Peak Flow (for ages 5 and up):
_____ to _____ (80% - 100% of personal best)

Personal Best Peak Flow is _____

- Take my controller medicines (above) every day
- Before exercise, take _____ puff(s) of _____ with spacer (if available) 10 minutes before exercise

YELLOW ZONE  **I Don't Feel Good** **CAUTION**, Continue taking every day controller medicines, AND:

- Cough, wheeze, chest tightness, shortness of breath, or
- Can do some, but not all usual activities.
- Waking at night due to asthma symptoms.
- Watch for **Red Zone** symptoms.

Peak Flow (for ages 5 and up):
_____ to _____ (50% to 79% of personal best)

Begin QUICK RELIEF medication right NOW

- Take _____ puffs of _____ with spacer (if available). Wait 15 - 20 minutes. If symptoms are not better, repeat the above dose and wait another 15 minutes.
- If symptoms return to **GREEN ZONE** wait for 15 minutes.
- If symptoms remain in the **Green Zone**, return to class and continue using quick relief medicine _____ puffs every _____ hours as needed.

➤ If **NOT** back in the **Green Zone** after the second dose of medicine, **GO TO THE RED ZONE**.

RED ZONE  **Medical Alert** **EMERGENCY! Get Help! Do not leave student alone!**

- Severe chest tightness, or
- Very short of breath or uncontrolled cough, or
- Nose opens wide or ribs show with breath, or
- Quick relief medicine has not helped, or
- Trouble talking or walking, or
- Blue lips or fingernails, or drowsy or confused

Peak Flow (ages 5 and up) under _____ (50% of personal best)

Take 4 or 6 puffs of _____ with spacer (if available). Repeat every 10 - 15 minutes until paramedics arrive.

➤ **Call 911 immediately and call Parent/Guardian**
